Participants: J	Total: 1 Female: 1 Male:

#### Summary

The UK fast trip was on the 19<sup>th</sup> February.

Apprenticeships (Explained below).

#### What did you plan to do?

Go over the notes and questions that she has about UK fast and ensure that she understood all of the information that she provided from the trip.

#### What happened?

J was struggling at the trip to understand everything that the UK Fast staff were informing the students so she was asking me a lot of questions.

She noted many questions that she did not understand at the trip, in order to ask me in lesson. She had many questions about Apprenticeships.

J was very interested in wanting to work for UK Fast and was very interested in doing an apprenticeship, so we had a discussion on how she can do this.

Because J does not really use computers, I wanted to give her the chance to use a computer showed her how to research different apprenticeships from the government website (as they were informed about this on the trip and J did not really understand this).
