

MEaP WEBSITE ACCESSIBILITY STATEMENT

MEaP is committed to making this website accessible to visitors with disabilities and is continually working to increase its accessibility and usability.

MEaP strives to conform to Web Content Accessibility Guidelines 2.0, Level AA. These recommendations outline how to make website content accessible to a wider range of people with disabilities.

We are on a regular basis seeking opportunities to bring all areas of the site up to the same level of overall web accessibility.

If for any reason you cannot access any of the material on our website, please email Ornette Clennon at info@meap.org.uk and we will work to resolve the problem as soon as possible.

Please also view our SEND policy within the resources section of our website
